Hi Harry,
 That distribution looks fine except it does not include the two additional Program leaders which will bring that to 4 total. The distribution now stands as:

- 6 faculty
- 6 staff
- 2 MSA students
- 2 GPC students
- 5 Ex-officio
- 6 Program Leaders
- 1 Support

Regards,
 Dale

Hi Dale, since we have had email exchanges after the email below, your committee voted to increase the membership of the committee. In our discussions you were satisfied with the following distribution 2 faculty, 2 staff, 5 Ex-officio. This actually increases the committee by 9 from the number that is provided in the founding document. In meetings last year Leona Rubin, myself and your predecessor, Ellen McLain, agreed that as the committee gained operational experience that Council would increase the membership. While we raised concerns about the size of the committee, Ellen commented that it should be a large committee, both to share the work and improve inclusiveness.

HI, Dale, it was useful to speak with you over the telephone about the Family Friendly Campus Committee. The increase in membership that your committee wanted and voted for was to increase 2

faculty, 2 staff, 3 Ex-officio, and 2 Program Leaders. Thank you for all the good work that your committee does.

Dear Professor Tyrer,
We conducted a vote via email beginning last week which concluded today. Of the 14 members on the committee, 13 voted in the affirmative to increase the number of ex-officio members. There was 1 abstention.

Regards,
Dale

Hi, Dale, thanks for your email. Has the committee voted on this? If so what is the vote? Council will want to know what is the feeling of the committee. Please list the number of responses and the number of eligible voters. Council will accept a properly conducted email vote. The process will be to bring this before Exec then to Council.

FROM: Dale Fitch, Chair
Family Friendly Campus Committee

Dr. Tyrer, the Family Friendly Campus Committee would like to increase the number of Ex-Officio members on this committee from one to eleven. The Family Friendly Campus Committee is the only university committee focused on the needs of our university's families. This group includes the families that support our students, the families that form while in school, and the families our students support. The rationale for additional ex-officio members is that the Family Friendly Campus Committee has identified the intersection of needs across this broad array of 'families' who make up the University of Missouri. As such, their expertise and knowledge will be critical as the university continues to make its opportunities available to future students and their families.

The composition of the committee called for four faculty members. However, the number of names the Office of the Provost received from Faculty Council is six. Because of the number of areas on campus that are involved with these issues, we request that the number remain at six faculty.

We would be pleased to supply any other information that you might need as you consider this request.
